

SUA1 Sustainable Urban Agriculture Technician

Technical Certificate of Credit

Program Entrance Term: Fall, Spring

Minimum Length of Program: 2 terms

Minimum Credit Hours for Graduation: 19

Program Description

This program prepares the student for a career in sustainable, small scale food production that integrates economic profitability and environmental stewardship. Courses provide hands-on experience in the fundamentals of plant production and marketing, giving the student a complete knowledge of the sustainable farmer's market system.

Admission Requirements

- Submit completed application and application fee
- Be at least 16 years of age
- Submit official high school transcript or GED transcript with test scores and ALL post-secondary transcripts in an official sealed envelope
- Meet assessment requirements

Program Courses

The following is a suggested path to complete this program in a timely manner. An individual's path to completion may be different based on institutional and personal factors affecting his/her academic progress.

Note: While all courses are offered, they may vary by term and campus. See the program advisor for any questions.

Completion time: Minimum of two terms (Full time schedule is not available for this program due to the seasonal requirements for certain courses.)
