Additional eligibility requirements and definitions

Postsecondary Cumulative Grade Point Average: The calculation of postsecondary grades earned in Degree coursework (including grades for Learning Support courses attempted through Summer term 2011) to determine eligibility for the HOPE Scholarship at the End-of-Spring Checkpoint, Three-Term Checkpoint, and all Attempted-Hours Checkpoints. The Postsecondary Cumulative Grade Point Average is calculated, by the Eligible Postsecondary Institution, on a traditional 4.00 scale, to the hundredth decimal, without rounding. If a student meets the academic requirements to be a HOPE Scholar, then all Attempted-Hours and corresponding grades attempted after high school graduation, and only Degree hours and corresponding grades attempted after high school graduation, must be included in the calculation. If a student does not meet the academic requirements to be a HOPE Scholar, then all Attempted-Hours attempted prior to high school graduation but after July 1, 2008, must be included in the calculation, but not the corresponding grades, if such credit hours are accepted by the student's Eligible Postsecondary Institution prior to Fall term 2011.

"Zell Miller Scholarship Program" - The Zell Miller Scholarship Program is a merit-based scholarship program with specific academic and grade point average eligibility requirements. **"Academically Eligible"** means the student entered an Eligible Postsecondary Institution in 2007 or later with a high school Grade Point Average of 3.70 or higher as calculated by GSFC, and received a minimum score of 1200 combined critical reading and math on a single administration of the SAT on a test administration at the time of high school graduation; or received a composite scale score of 26 on a single administration of the ACT on a test administration at the time of high school graduation; or having graduated high school being named the Valedictorian or the Salutatorian.

Attempted-Hours: Credit hours are to be counted as Attempted-Hours regardless of whether the course was completed, the hours were earned, or a letter grade was recorded on the student's official academic transcript. Credit hours are counted as Attempted-Hours regardless of whether the student receives payment for those hours from the HOPE. Rules for HOPE Scholars and Non-HOPE Scholars differ as to when Degree credits for Attempted-Hours begin.

Combined Paid-Hours: The total number of Paid-Hours a student has accumulated as a result of payment from any combination of the HOPE Scholarship Program, plus HOPE Grant Program, plus the Zell Miller Scholarship, plus, through FY2011, the Accel Program.

Do you have in excess of the max limit of Attempted-Hours or Paid-Hours? In order to be eligible for the HOPE Scholarship Program, a student may not have exceeded the cumulative Attempted-Hours and/or Combined Paid-Hours limit of 190 quarter hours or 135 semester hours since high school or the equivalent. If you do not think that you have exceeded this limit (127semester or 190 quarter hours), please fill out the next page and submit the evaluation.

7-Year Limit -A student who has not received HOPE Scholarship payment prior to July 1, 2011 may receive the HOPE Scholarship until 7 years after his/her high school graduation date or the graduation date of the student's high school if the student withdrew from high school prior to his/her graduation date, GED test date or Home Study program completion date, whichever occurs first.
