

Healthcare Management Degree (HC23)—60 Credit Hours

If you are pursuing a competitive healthcare program, please follow your intended program advising plan

Program Description:

The Health Care Management Associate of Applied Science degree provides students with the programmatic preparation necessary to perform as a professional manager in a health care setting.

Students will be placed in the Health Care Management Degree if they plan to complete one of the following degrees:

- Radiologic Technology
- Respiratory Care
- Surgical Technology
- Nursing Degree (RN)

Students applying for any of the above Allied Health programs are admitted to the college in the Health Care Management Degree program. Students must satisfy additional entrance criteria for each Allied Health program. Program graduates receive an Associates of Applied Science Health Care Management Degree.
