3. **Adult Education**
   - FY2025 goals and progress:
     - Enrollment – 1647; current number of NRS students – 1214 (12.66% higher than last year; 73.71% of the goal).
     - Measurable Skills Gain Percentage (MSG) – 50%; current MSG percentage is 37.94% (75.88% of the goal).
     - Integrated Education and Training (IET) Participants – 40; current number of completions – 20. The Division recently hired Mrs. Paulette Jones as our IET Coordinator. She is currently going through her training but will soon help us to spring forward with the IET program. There are 11 currently registered for this Mini-mester in Early Childhood Care Education Technical Certificate of Credit. The first CDL student is getting approved this week and there are two ESL students who began the Fast Track CNA program on Monday. Currently, at 50% of the goal.
     - High School Equivalency (HSE)– 159; current number of HSEs earned – 94 (In FY2024, 74 students earned GEDs). Currently at 59.12% of the goal. Career Plus High School students will be counted as an HSE graduate and increasing this number. There are also seven more that will be added that were rolled over from last year.
     - Career Plus Students – There are 28 students actively enrolled in the program.
       - 13 new enrollments for Spring
       - 6 students on track to graduate in May (1 student was dropped from her last 3 classes due to non-payment and she could not afford to pay the balance)
       - 4th overall in CPH enrollment across local programs
   - The College made the presentation to Cognia on April 4 in order to accredit the Career Plus program. The College team felt like it went well; statements made were positive. The College is waiting on the report now to see if there are any findings.
   - The Saturday cohort for Early Childhood Basics started on Saturday, March 15. This group is a mixture of ABE and ESL Adult Education students.
   - The Division will be starting Saturday morning classes in Henry again this month. A new instructor, Debra Lord, has been hired that will teach on Monday and Wednesday evenings and Saturday mornings. This will allow the Division to have students six mornings a week and four evenings a week in Henry County.

Tender Tech (Child Enrichment Center)

- Recruiting for a Center Director.
- Ending before and after-school care in Fall 2025.

5. **Institutional Advancement**
   - The fourth UGA/SCTC Community Engagement Dinner was held at the Dundee Café on March 26, 2025 with approximately 17 guests attending. The dinner was the last installment of the community engagement dinners at the Dundee Café on the University of Georgia Griffin Campus. The fourth dinner featured the Forensic Science Technology program at SCTC and the Urban Agriculture program at UGA-Griffin.
   - Now in its third week, the internal giving campaign—launched on March 20—will conclude on April 24. Full-time SCTC faculty and staff have been organized into 15 teams, each led by a captain, and encouraged to contribute in support of student scholarships. To date, the College has achieved over 65% participation and raised $31,078.72. Weekly prize drawings have helped sustain momentum, and with one week remaining, we anticipate a strong finish.
   - The Division has officially kicked off awareness for the Dundee Promise Scholarship Program, an initiative from Southern Crescent Technical College in partnership with the Griffin-Spalding County School System. SCTC President Dr. Irvin Clark and Superintendent Dr. Keith Simmons introduced the program in a joint video announcement. The Dundee Community Association Technical Education Promise Program offers graduating seniors and Adult Education/GED students from Spalding County the opportunity to have unpaid tuition and fees covered for up to two semesters after all other financial aid is applied. This initiative removes financial barriers and supports technical education access, helping ensure SCTC remains the first choice for Spalding County students. To be eligible, students must be U.S. citizens and residents of Spalding County. They must graduate from a Spalding County high school or accredited home school no earlier than Spring 2025 and complete a FAFSA and the appropriate HOPE application for the semester they plan to attend.
   - The Food and Wine Pairings Event is scheduled for April 24, 2025 at 5:30 pm. Tickets are now on sale and the event will be held in the Frank and Constance Allen Johnson Event Center on the Griffin Campus. Corporate sponsorships for a table for eight are available for $1,250, and individual tickets are available for $90.00. Funds raised to date (4/11/2025) - $15,551.80.
   - The next SCTC Foundation Board Meeting will be May 15, 2025 at 4:00 pm.

6. Institutional Effectiveness

- The Division is currently working with Academic Affairs to develop teach-out plans for the closure of the following programs, due to curriculum changes. These plans are being prepared for submission to SACSCOC: CS91 Central Sterile Supply Processing Technician, PC21 Patient Care Assistant, EMJ1 Emergency Medical Technician, and GC51 Geriatric Care Assistant.
- Our internal Perkins control review went well. The College received one action item related to missing Program Advisory Minutes from Spring 2024. As a result, the College will be submitting an improvement plan. Vice President Register and Dr. Daniel have already begun implementing checks and balances to strengthen that process. The Division is working on this year's Improvement plan and developing the FY2026 budget.
- Included in the Board materials is the SCTC March 2025 PIE Newsletter.
- The College upgraded its current version of Banner Web, used by students and faculty, to an updated version called Ellucian Experience. Ellucian Experience is a new front-end interface that runs on top of Banner 9. This interface allows the user to directly access the most frequently used areas of Banner and includes dashboard widgets that display information to students such as their Degree Works Plans, schedules, and class details. The system went live on March 22.
- The IT department is in the process of porting the College's phone numbers to cloud calling, which will complete the WebEx Calling project. Cloud calling is a key component of the College's disaster recovery plan for phone communications. This transition provides the flexibility to maintain phone communications from off-site locations in the event that the Griffin campus—or any campus location—becomes unavailable.
- IT Help desk tickets for the month of March, 2025: 254 total tickets (average of 11 tickets/day); 11 events supported.

H. PRESIDENT'S UPDATE

- Graduation is May 9 in Fayetteville. Dr. Steve Ledbetter, Spalding County Manager, and Dr. Artesius Miller, Chairman of the State Board Technical College System of Georgia, will be this year's graduation keynote speakers. The College is expecting over 400 graduates to participate in the ceremonies.
- Dr. Clark expressed that he and Commissioner Dozier are pleased with the College's enrollment numbers and thanked the leadership team, faculty, and staff for their efforts. Southern Crescent Technical College is one of the few technical colleges that has Spring over Spring increases. The goal for the College is 7,000 students in the fall. The College is the fifth largest technical college.
- Dr. Clark stated that the Commissioner has done a great job leading the System and as a result, when the Governor signs the budget, the System will see an increase of $33 million in funding. This is due to the increase in enrollment statewide (10%). Dr. Clark expressed that he is grateful to the legislators for their support and the Governor for his support of technical education.
- At the American Association of Community Colleges meeting this past weekend, Dr. Clark served on a workforce board wherein they discussed seeing an increase in the footprint of community and technical colleges across the country supporting workforce development. Colleges are beginning to expand their footprint and putting anchor programs in place in these communities to help support workforce and economic development. One example for our College is Nursing being expanded to Butts and Jasper counties in the fall of 2025.
- Dr. Clark requested that the Board make plans to remain on campus today for Commissioner Dozier's visit to campus. There will be apprenticeship signing ceremonies in Griffin with the Spalding County Government and in McDonough with the Henry County Government and the Henry

County Sheriff's Office. There will also be a meet and greet reception with the Commissioner at each of the locations for community stakeholders.

- Dr. Clark expressed that he is pleased with the progress the College is making and thanked the Board for their continued support.

I. ADJOURN

Ms. Hadley-Catter thanked everyone for their hard work and the Board for their service. The next Board meeting has been scheduled for June 18, 2025 at 8:00 a.m. There being no further business, the meeting was adjourned at 8:48 a.m. in order to participate in the Apprenticeship Signing Ceremony with Spalding County Government and a meet and greet reception with the Technical College System of Georgia Commissioner Greg Dozier.
