## MECHATRONICS

The High-Demand Industry-Ready Mechatronics Pathway Pre-Apprenticeship program includes 61 hours of theory and hands-on skills training. It provides individuals with a career pathway into Southern Crescent Technical College's academic programs and an introduction to the fundamental concepts and skills required for entry-level positions in high demand industry sectors in SCTC's eight county service area. Through SCTC's Mechatronics program, individuals are able to explore and train for careers in robotics engineering, automation engineering, control system design, electronics design, mechanical design, data scientist, instrumentation engineer and software engineer.

### MECHATRONICS PRE-APPRENTICESHIP PATHWAY

Classes will be offered at the  
SCTC Butts County Center  
and the SCTC Flint River Campus  
in a hybrid format (online and in-person)
